## Directors' Report

The Director is pleased to present his report along with the audited financial statements for the year ended 31 March 2018.

### Objectives and Activities

Incorporated as a limited company, Delphi Medical Limited was established on 25 June 2009. The principle activity of the company during the period was an in-patient detoxification service and clinical treatment.

### Directors

The director, together with details of the changes which have occurred up to the date of approval of this report is set out on page 1.

### Review of the Business

Delphi Medical Limited ("Delphi") is a limited company which joined the group of companies within The Calico Group in October 2016.

Delphi is a subsidiary company of Acorn Recovery Projects (Acorn), which is a subsidiary of Syncora Limited (Syncora). Both are governed via the Syncora Board.

Delphi's aim is not just to raise the standard of our work but to inspire those we work with to better achieve their potential. We understand the role social determinants of health have to play in the efficacy and ability of an individual and communities to 'recover' from addiction. Our model is based upon providing the best possible opportunities for individuals and communities to start well, live well and age well. People with addiction problems often lack social support and suffer from isolation which is compounded with a propensity to experience other negative health impacts.

We have defined the culture of the organisation by implementing our values. We reference them in all decision making; from decisions about patient care through to strategic planning. We offer people centred services which are; Accessible, Sustainable and Accountable.

Our service focuses on developing pathways which bring substance misuse into broader health and social care provision to improve the health and wellbeing of those we work with and their families.

Delphi supplies services to the public and private sector. Our focus is to ensure that we retain a balance within the Local Authority and to continue to build upon our delivery of private in patient detoxification within The Pavilion.

### Key Risks and Challenges

National changes, as part of welfare reform, present challenges to Delphi through pressures on the reliance of public sector funding to support its mainstay, which is drug and alcohol services commissioned via the public sector. Reductions in Public Health funding is likely to increase crime and negatively impact on the health and wellbeing of our customers; therefore our customers will continue to experience increased social exclusion and deprivation and it is likely that while funding cuts will continue, the need and demand for services which address key health inequalities will increase.

Reducing the financial deficit for Delphi, as part of Syncora Group, while continuing to grow the business presents a challenge - the business requires the infrastructure to be able to deliver and grow, but recognises the financial position places a pressure on finding the 'right balance'.

The Pavilion was relocated and reopened in December 2016. Delphi is working to ensure that it becomes financially self sustaining during 2017/18. Ongoing work to increase the volume of bed nights being sold is ongoing and this is a priority to assure the Group of its viability for the future expanded unit.

### Key Performance Indicators (KPI's)

Due to the clinical nature of our services, Delphi has legal and contractual obligations to adhere to the following:-

- Care Quality Commission – involving regular inspections.
- Home Office Inspections.
- Investigations into Death in Custody/Death in Service.
- Production of Coroners reports and attendance at court/court reports.
- General Medical Council – medical revalidation and accountable officer for Clinicians.
- Nursing & Midwifery Council – compliance with National Institute for Health Care Excellence (NICE) guidelines and accountability for Nurses.
- KPI Frameworks directed by Commissioners.
- Implementation of performance monitoring systems to ensure high quality performance across services.
- Audit, reviews, implementing improvement and managing change.

As well as the above, we manage financial performance through performance of contracts against budgets, contribution to overhead costs and cash flow performance.

## Directors' Report (continued)

### Key Opportunities

As part of Syncora, Delphi has the support and weight of a large organisation to support growth and enhance our profile across the North West.

We will participate to develop a combined Group business strategy for growth based upon geography and themed work-streams and developing a bidding model within the Group to enable Delphi to bid for large scale service models across the North West.

The success of The Pavilion would allow this model to be expanded to other geographic areas nationally. The business model will allow this approach to work in most parts of the country.

### Group Structure

A review of the Group's company and governance structures has taken place over the past year to ensure they can best support our purpose by ensuring there is adequate leadership capacity and that the Group continues to grow and develop.

A number of options relating to changes in structure of the Group to help with these objectives were considered by all Boards. It has been agreed to establish Syncora Limited (registered number 11171831) a holding company with a common board for each of its subsidiaries which are SafeNet, Acorn, Calico Enterprise and Delphi. This holding company will sit between the legal entities and the Calico Group Board. This new arrangement will enhance continued growth by integrating service and company offers and allowing competition with larger scale 'lead' providers.

### Going concern

The business activities, together with the factors likely to affect its future development, performance and position are set out in the Director's Report on pages 2 to 4. In addition, notes on pages 9 to 13 of the financial statements include the company's objectives, policies and processes.

The director has reviewed and considered the future projected cash flows for the next two years. The negative reserves position is being supported by inter-company balances, primarily a loan from the parent company, Acorn Recovery Projects, which is not to be repaid in the next twelve months and support from fellow subsidiary Delphi Medical Consultants Limited. In practice, the two Delphi companies are operated as one business and consideration is to be given to amalgamating the companies into one. Work is ongoing to ensure that the Pavilion is self sustaining during 2018/19 and Delphi Medical Consultants Limited have long term contracts in place. Based on this information, the director has a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

### Statement as to disclosure of information to auditor

The director who was in office on the date of approval of these financial statements has confirmed, as far as they are aware, that there is no relevant audit information of which the auditor is unaware. The director has confirmed that they have taken all the steps that they ought to have taken as director in order to make themselves aware of any relevant audit information and to establish that it has been communicated to the auditor.

### Small company provisions

The report of the director has been prepared in accordance with the provisions applicable to companies entitled to the small companies' exemption. The director has taken advantage of the small companies' exemption from the requirement to prepare a strategic report.

### Statement of Directors' Responsibilities in respect of the Annual Report & Financial Statements

The director is responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the director to prepare financial statements for each financial year. Under that law the director has elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including Financial Reporting Standard 102 "The Financial Reporting Standard Applicable in the UK and Republic of Ireland" ("FRS 102").

Under company law the director must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the Director is required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable United Kingdom Accounting Standards, including FRS 102 have been followed, subject to any material departures disclosed and explained in the financial statements;
- notify its shareholders in writing about the use of disclosure exemptions, if any, of FRS 102 used in the preparation of financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

## Directors' Report (continued)

### **Statement of Directors' Responsibilities in respect of the Annual Report & Financial Statements (continued)**

The director is responsible for keeping adequate accounting records that are sufficient to show and explain the company transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

### **NHF Code of Governance**

As a Group we have chosen to adopt the NHF Code of Governance as an appropriate set of governance principles.

The Code deals with our Board, the way it operates, our constitution, the role of chair, the chief executive, equalities and probity, in fact everything which you would expect to see in a well-run Board and organisation. Each year, we review whether we fully comply with this Code - where we do not, we agree an action plan and do what is necessary to comply with the Code.

The Board certifies that the Company is pleased to report full compliance with this Code where relevant for the year ended 31 March 2018 following an annual review that took place in March 2018.

### **Auditor**

Beever and Struthers, Chartered Accountants and Statutory Auditor, who were appointed on the date of acquisition, have indicated their willingness to continue in office. A resolution to reappoint them as auditors will be proposed at the forthcoming annual general meeting.

Approved by the Board and signed on its behalf by:-

Stephen Aggett  
**Company Secretary**  
17 September 2018

## Independent Auditor's Report to the members of Delphi Medical Limited

### Opinion

We have audited the financial statements of Delphi Medical Limited "the company" for the year ended 31 March 2018 which comprise the Statement of Comprehensive Income, Statement of Changes in Equity, the Statement of Financial Position and notes to the financial statements including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2018 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

### Basis for opinion

We conducted our audit in accordance with International Standards on auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard and the provisions available for small entities, as set out in the accounting policies, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Conclusions relating to going concern

We have nothing to report to you in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

### Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

## Independent Auditor's Report to the members of Delphi Medical Limited (continued)

### Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or;
- the directors were not entitled to prepare the financial statements in accordance with the small companies' regime and take advantage of the small companies exemptions in preparing the directors' report and from the requirement to prepare a strategic report.

### Responsibilities of directors

As explained more fully in the Directors' Responsibilities Statement set out on page 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's web-site at [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

### Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body for our audit work, for this report, or for the opinions we have formed.

These accounts have been delivered in accordance with the provisions applicable to companies subject to the small company's regime.

The notes on pages 9 to 13 form part of these financial statements.

The financial statements were approved by the directors and authorised for issue on 17 September 2018 and signed on their behalf by:

Stephen Aggett  
**Company Secretary**  
17 September 2018

## Notes to the Financial Statements

### 1. Accounting policies

Delphi Medical Limited is a limited company incorporated in England & Wales. The registered office is Centenary Court, Croft Street, Burnley, Lancashire, BB11 2ED.

#### **Basis of accounting**

The financial statements have been prepared under the historical cost convention, modified to include certain items at fair value, and in accordance with Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland' ("FRS 102") and with the Companies Act 2006, and are presented in sterling £ for the year ended 31 March 2018.

The company meets the definition of a qualifying entity under FRS 102 and has taken advantage of the disclosure exemptions available to it in respect of presentation of a cash flow statement and financial instruments.

#### **Going concern**

The business activities, together with the factors likely to affect its future development, performance and position are set out in the Directors' Report on pages 2 to 4. In addition, notes on pages 9 to 13 of the financial statements include the company's objectives, policies and processes.

The director has reviewed and considered the future projected cash flows for the next two years. The negative reserves position is being supported by inter-company balances, primarily a loan from the parent company, Acorn Recovery Projects, which is not to be repaid in the next twelve months and support from fellow subsidiary Delphi Medical Consultants Limited. In practice, the two Delphi companies are operated as one business and consideration is to be given to amalgamating the companies into one. Work is ongoing to ensure that the Pavilion is self sustaining during 2017/18 and Delphi Medical Consultants Limited have long term contracts in place. Based on this information, the director has a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

#### **Value added tax ("VAT")**

The supply of health services provided by registered doctors is VAT exempt. The financial statements include VAT to the extent that it is suffered by the Group and not recoverable.

#### **Taxation**

The charge for taxation for the year is based on the profits arising on taxable activities undertaken at the appropriate enacted rate.

The payment of taxation is deferred or accelerated because of timing differences between the treatment of certain items for accounting and taxation purposes. Except as noted below, full provision for deferred taxation is made under the liability method on all timing differences that have arisen, but not reversed by the balance sheet date.

Deferred tax is measured at the tax rates that are expected to apply in the periods when the timing differences are expected to reverse, based on tax rates and law enacted or substantively enacted at the balance sheet date. Deferred tax assets and liabilities are not discounted. Deferred tax assets are only recognised to the extent that their recovery is reasonably expected in the foreseeable future.

#### **Judgement and key sources of estimation uncertainty**

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates. The following judgements (apart from those involving estimates) have had the most significant effect on amounts recognised in the financial statement.

#### **Turnover**

Turnover comprises of medical treatment income. Turnover is stated exclusive of Value Added Tax ("VAT").

#### **Tangible Assets**

Tangible fixed assets are depreciated over their useful lives taking into account residual values, where appropriate. Their actual lives of the assets and residual values are assessed annually and may vary depending on a number of factors. Tangible assets are stated at cost less depreciation. Depreciation is provided evenly on the cost of the assets to write them down to their estimated residual values over their expected useful lives. The principle annual rates used for tangible assets are:

- Furniture, fixtures and fittings 25%
- Computers and office equipment 25%
- Motor Vehicles 25%

## Notes to the Financial Statements (continued)

### 1. Accounting policies (continued)

#### Pensions

The cost of defined benefit contributions and other post-employment benefits are determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, future salary increases, mortality rates and future pension increases. Due to the complexity of the valuation, the underlying assumptions and the long term nature of these plans, such estimates are subject to significant uncertainty.

#### Financial instruments

Financial assets and liabilities are initially measured at the transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value.

### 2. Turnover

	<b>2018</b>	<b>2017</b>
	<b>£</b>	<b>£</b>
Medical Treatment Income	590,464	377,888
	<u>                    </u>	<u>                    </u>

### 3. Operating profit

The operating profit for the year is stated after charging:-

	<b>2018</b>	<b>2017</b>
	<b>£</b>	<b>£</b>
Auditor's fees	1,064	2,520
Depreciation of tangible fixed assets (note 7)	11,603	16,534
	<u>                    </u>	<u>                    </u>

### 4. Directors' remuneration

The Director(s) did not receive any remuneration or expenses from the company during the period.

### 5. Employees

Employee numbers are a combination of Delphi Medical Limited and Delphi Medical Consultants Limited. All employees are on dual contracts with both entities. The average monthly number of employees during the year, analysed by function, was as follows:

	<b>2018</b>	<b>2017</b>
	<b>No.</b>	<b>No.</b>
Community and Prison staff	76	46
Finance and administration	8	8
Detoxification staff	27	14
	<u>                    </u>	<u>                    </u>
	111	68
	<u>                    </u>	<u>                    </u>
Staff costs consist of:	<b>£</b>	<b>£</b>
Salaries	2,688,471	1,855,914
Social security costs	264,652	165,566
Pension contributions	145,901	123,394
	<u>                    </u>	<u>                    </u>
	3,099,024	2,144,874
Allocated to Delphi Medical Consultants Ltd	(2,398,656)	(1,610,727)
	<u>                    </u>	<u>                    </u>
	700,368	534,147
	<u>                    </u>	<u>                    </u>

## Notes to the Financial Statements (continued)

### 5. Employees (continued)

Aggregate number of full time equivalent staff whose remuneration (basic salary, benefits in kind, employer's pension contributions and compensation for loss of office) exceeded £60,000 in the period:

	<b>2018</b>	<b>2017</b>
	<b>No.</b>	<b>No.</b>
£60,000 to £70,000	2	2
£70,000 to £80,000	1	1

	=====
Net book amount at 31 March 2017	33,539
	=====

## Notes to the Financial Statements (continued)

### 8. Debtors

	<b>2018</b>	<b>2017</b>
	<b>£</b>	<b>£</b>
Trade debtors	42,776	53,480
Prepayments	10,054	25,131
Amounts owed by group undertakings	766,276	-
	<u>819,106</u>	<u>78,611</u>
	<u><u>819,106</u></u>	<u><u>78,611</u></u>

### 9. Creditors: amounts falling due within one year

	<b>2018</b>	<b>2017</b>
	<b>£</b>	<b>£</b>
Trade creditors	18,093	61,674
Taxation and social security	-	54,038
Accruals and deferred income	10,775	55,636
Amounts due to parent entity	171,619	170,000
Amounts due to group undertakings	1,567,887	199,474
	<u>1,768,374</u>	<u>540,822</u>
	<u><u>1,768,374</u></u>	<u><u>540,822</u></u>

### 10. Provision for liabilities

	<b>2018</b>	<b>2017</b>
	<b>£</b>	<b>£</b>
Deferred tax	5,494	5,494
	<u>5,494</u>	<u>5,494</u>
	<u><u>5,494</u></u>	<u><u>5,494</u></u>

### 11. Share capital

At 31 March 2018, the number of allotted, called up and fully paid shares was 4 (2017: 4). On 15 October 2016, the company was acquired by Acorn Recovery Projects.

The total authorised number of £1 ordinary shares at 31 March 2018 was 1,000 (2017: 1,000).

### 12. Financial commitments

The company had no commitments under non-cancellable operating leases.

### 13. Parent undertaking

At 31 March 2018, the Company is a 100% subsidiary of Acorn Recovery Projects, a company incorporated in England and Wales.

The Director considers The Calico Group Limited ("Group") to be the ultimate parent entity.
